WARNING: This product may be mistaken for an actual firearm by law enforcement officers and others. Altering any state or federal required marking or coloration in order to make product appear more realistic and/or brandishing or displaying the product in public is dangerous and may cause confusion and may be a crime. Displaying, exhibiting, brandishing in a threatening manner and possessing, storing, or keeping on school property are prohibited activities. The criminal penalties may be imprisonment and/or fines.

Contents

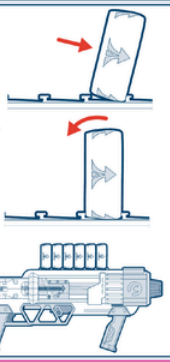

Overview

Hover Ring Blaster

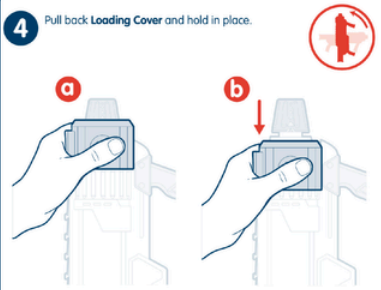

Hover Ring Storage

1. To store the **Hover Ring** in a **Hover Ring Holder**, insert the front of the **Ring**.
2. Then tilt backward to clip the **Hover Ring** in.
3. Repeat for all. The **Hover Ring Holders** can store 6 rounds.

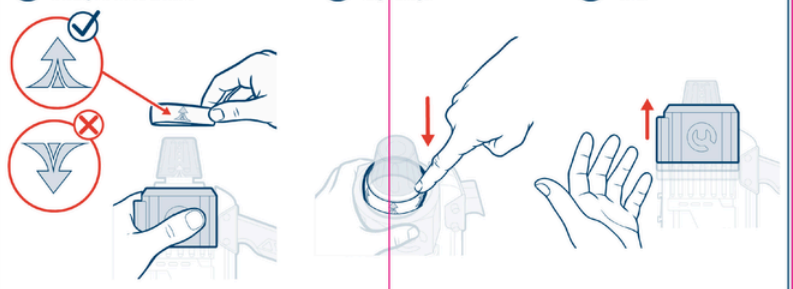

Hover Ring Loading

4. Pull back **Loading Cover** and hold in place.

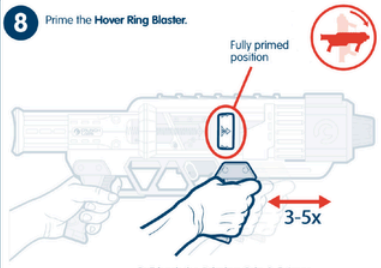

Hover Ring Loading (Continued)

5. Before loading **Hover Ring**, ensure it is facing the correct direction.
6. Load **Hover Ring** onto **Hover Ring Carriage.**
7. Release **Loading Cover.**

Power Up!

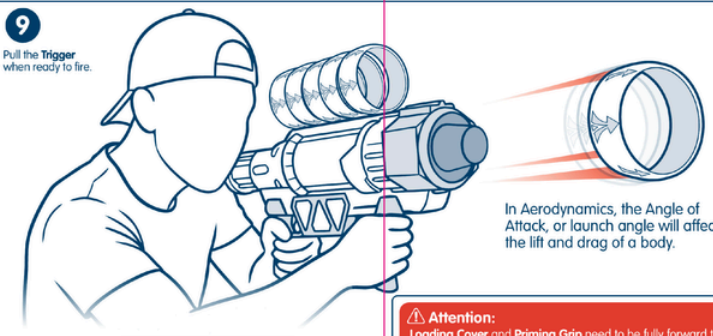

8. Prime the **Hover Ring Blaster.**

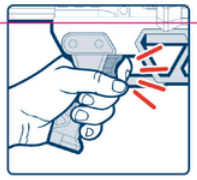

Pull back the **Priming Grip** 3-5 times.

Aim and Fire!

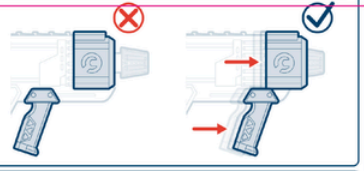

9. Pull the **Trigger** when ready to fire.

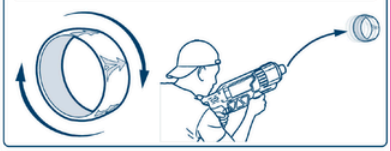

In Aerodynamics, the Angle of Attack, or launch angle will affect the lift and drag of a body.

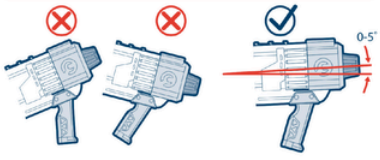

⚠ Attention:
Loading Cover and **Priming Grip** need to be fully forward to fire.

⚠ Note:
To increase flight stability, the **Hover Rings** are spun slightly in the clockwise direction. This spin can also be seen in the flight path. Keep this in mind while aiming!

⚠ Tip:
Shooting at an angle larger than 5° can limit firing distance.

Troubleshooting

- To avoid jamming, ensure the **Hover Ring** is fully seated on the **Hover Ring Carriage.**

- Do not move around with the **Blaster** pointed down as the **Hover Ring** can fall out. Instead carry it pointed up.

- Do not store **Hover Ring Blaster** primed and ready to fire.
- Do not store **Hover Rings** in a deformed state. Prolonged deformation can permanently misshape **Hover Rings** and reduce shooting distance. Deformed **Hover Rings** can be placed on a circular object to reform the correct shape.

SCAN FOR SUPPORT INFORMATION

PARENTAL CONSENT REQUIRED BEFORE GOING ONLINE.

⚠ WARNING: DO NOT AIM AT EYES OR FACE! DO NOT LAUNCH AT CLOSE RANGE. PROTECTIVE EYEWEAR ADVISED FOR PLAYERS AND OTHERS IN RANGE.

WARNING: DO NOT DISCHARGE ANY OBJECT OTHER THAN THOSE PROVIDED WITH THIS TOY.

CAUTION: DO NOT LAUNCH PROJECTILE AT PEOPLE OR ANIMALS!

IMPORTANT: RETAIN PACKAGING DETAILS FOR FUTURE REFERENCE. COLORS AND CONTENTS MAY VARY. USE ONLY THE INCLUDED TOOL FOR ASSEMBLY. RETAIN INSTRUCTIONS FOR FUTURE REFERENCE.
